

Vermont Agency of Agriculture School Milk Equipment Request

This Application is for:

Forced Air Cooler		
Cooler Size	Product Number	School's Cost (after grant)
<input type="checkbox"/> 6 case	SMF34	\$600
<input type="checkbox"/> 12 case	SMF49	\$650
<input type="checkbox"/> 16 case	SMF58	\$700

All coolers are 115 volts and come with wheels

Glass Front Cooler				
Item	Specifications	Number of Units	Cost per Unit	Total Cost
Total Cost of Equipment				\$

Milk Vending Machine				
<p>All milk vending machines are AMS machines. Vending machines cost \$4000 total. Schools or community groups are responsible for half the cost, or \$2000. Most schools have raised money through the efforts of dairy farmers in their communities. Contact Denise Russo at 802-828-3835 for product specifications.</p>				
Item	Specifications	Number of Units	Cost per Unit	Total Cost
AMS Milk Vending Machine			\$4000	
Total Cost of Equipment				\$

Explanation of Equipment Request

Please respond to these questions on a separate page.

1. Briefly describe why the equipment is needed and explain how it will improve the food service program. What is the condition of the current equipment?

2. Describe research that was done to determine the correct size, model or item. (How much milk is used, how often are deliveries made?)

3. Indicate the school's plan for covering your cost of the equipment to be purchased; include amount available and source of funding.

Return by April 5, 2004 to:
